

MISSOURIANS

AGAINST HUMAN CLONING

November 9, 2006

Dear MAHC Coalition Member,

THANK YOU!!!

No matter what the pundits and the polls said, you along with thousands of other volunteers and supporters stood firm and resolute in the defense of truth. We are grateful for the tireless hours of phone calls, literature drops, door-to-door visits, and other activities that our coalition members devoted themselves to during this campaign to defend our state from deception.

Our coalition is truly a unique partnership of different denominations, professions, cultures and backgrounds which Missouri has never seen. We are so proud to have worked with numerous organizations who banded together in an unprecedented way to share the truth about Amendment 2 with all of Missouri.

Our opponents had unlimited financial resources to deceive the voters of Missouri, but we had the truth and a coalition of devoted, hardworking people who stood on principle and exhibited great character in the fight. It has been said that success is never final and failure is never fatal, it's persistence that counts. Our coalition is staying together and we have a lot of work to do. While this may be a setback the battle goes on and we won't rest until truth wins the victory and deception is defeated.

On behalf of the MAHC Board of Directors and Staff, we thank you for your efforts to defend truth and defeat Amendment 2.
